

Xaminer Elite Verifier Series

Stratix Combines Ease-of-Use & Pinpoint Accuracy

Making sure your bar codes are scannable is a crucial part of today's business. Avoid mistakes, damaged customer relationships, or even costly fines. Stratix makes verification easier and more accurate than ever before, with the new Xaminer Elite series bar code verifiers. Whether you must verify one-dimensional or two dimensional (PDF-417 & RSS) symbologies, there's a new Xaminer Elite model that's right for your business – and your budget!

Xaminer Elite

Xaminer Elite (Wand Only)

Bar Code Verification In A Simple Integrated Unit

The Xaminer Elite and Elite+ bar code verifiers from Stratix Corporation give you the industry's highest quality bar code verification for either one dimensional or two dimensional (PDF-417) bar codes – all in a single unit. The Xaminer Elite and Elite+ come standard with a fully integrated laser scanner. No more cables to snag or cords to tangle. For additional flexibility and industry specific applications, the Xaminer Elite and Elite+ can have a 6 or 20 mil wand added. The Xaminer Elite (Wand Only) is ideal for those who need quality verification equipment at the best price.

Upgrade In-the-Field

As your verification needs change, so can your Xaminer Elite verifier. All Xaminer Elite verifiers come equipped for software upgrades performed in-the-field. Automatically update your Elite's software through your PC's Internet connection, or upgrade via e-mail with our unique Stratix Software Loader.

Calibration Check Routine

Need to make sure your verifier investment is operating properly? Only Stratix Elite verifiers ship with a calibration check routine that will allow an operator to check calibration in under 30 seconds, right at your worksite!
